

DNO 10A Fused 2 Wire Lead Set

- Red and green 10A fused lead set for use on high energy supplies
- Ideal when performing 2 wire earth loop impedance testing
- Rated CAT IV 600V
- GS38 compliant probes
- Robust insulated 10A croc clips
- High quality multi stranded flexible conductor
- Wear indicating lead
- Dual insulated
- Shrouded 4mm connectors
- Compatible with Socket & See DNO Loop Tester

Description

The Socket & See DNO 10A Fused 2 Wire Lead Set is designed for performing 2 wire earth loop impedance testing in conjunction with the Socket & See DNO Loop Tester.

The DNO 10A Fused 2 Wire Lead Set is dual insulated with a wear indicating leads. It also features sturdy croc clips and GS38 compliant probes. Probes and croc clips are interchangeable.

Other features also include shrouded 4mm connectors, as as being rated CAT IV 600V for working on the supply side of the installation.
