- Hard wearing silicone insulation

Description

The Socket & See PRO LEAD is a versatile and resilient lead designed to complement a wide range of single and multi-function testers.

Equipped with 4mm shrouded connectors and compliant with BS1363 standards, the PRO LEAD is the perfect companion for conducting RCD and Zs testing in virtually any installation.

This lead boasts a dual insulation feature, ensuring exceptional durability even in demanding conditions.

Furthermore, it incorporates a wear indicating mechanism, offering a clear visual signal when the lead requires attention due to damage or wear.

Opt for the Socket & See PRO LEAD, for a dependable and sturdy solution that effortlessly fulfils your testing requirements.
